

Read Our Streets Bingo • Walk your neighborhood to discover clues to the hidden network of old leaky pipelines under our streets. Decode the yellow street markings and find the gas valve turn-off caps. When you see one, cross it off. Gas markings are yellow. They tell you the size of the pipe, the materials it is made of and its history of repairs. A yellow button tells you that National Grid repaired the pipeline.

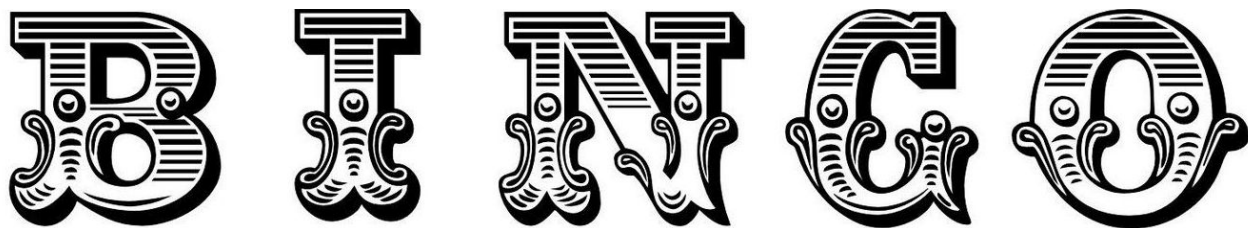

1^{1/4}'' Pipe	WI Wrought Iron	 Gas Pipeline	HP High Pressure	 Gas Turn-off Valve Cap
2'' Pipe	CI Cast Iron	 Gas Turn-off Valve Cap	LP Low Pressure	 Gas Turn-off Valve Cap
4'' Pipe	ST Steel		PL Plastic	 Yellow Button National Grid Repair
6'' Pipe	CS Coated Steel	BS Bare Steel	 Intersecting Pipelines	 Non Intersecting Pipelines
8'' Pipe	12'' Pipe	 Gas Turn-off Valve Cap	PL Plastic	CI Cast Iron

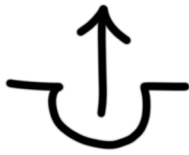

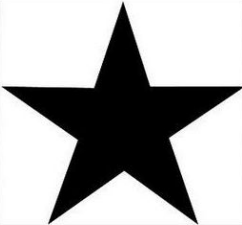

Return your Bingo Card by May 9. Add your name and email, take a photo of your bingo card, and email to MothersOutFrontNewton@gmail.com for a chance to win one of three \$25 pizza gift certificates.
