GAS: NOT SAFE. NOT CLEAN. NOT GREEN.

IS YOUR STREET GASSY?

Take a photo of the location and send it to us: mothersoutfrontnewton@gmail.com. See if your leak is on this [Newton Gas Leaks Map](#). If not, call 1-800-233-5325 or 911. Tell them you smell gas!

Sign up for Mothers Out Front Action Alerts. Help us raise awareness of the dangers of gas and the benefits of switching to clean New England Class 1 renewable energy. Join us in working with local officials and legislators to support policies to fix the leaks and take meaningful climate action.

Since 2016 Mothers Out Front/Newton has been working to raise awareness of the hundreds of dangerous and wasteful gas leaks under our streets.

THE CHEAPEST KILOWATT IS THE ONE YOU DON'T USE.

The [Newton Energy Coach website](#) has answers to commonly asked questions, as well as links to other websites for information about electric vehicles, heat pumps, Newton Power Choice, and home energy assessments. You can also make appointments to speak with a live volunteer energy coach.

GAS LEAK SAFETY

Two Part Virtual Workshop on October 22 & 29

We have some of the oldest, leakiest gas pipes in the US. Gas leaks can cause dangerous explosions and they are also a major source of greenhouse gas emissions.

Join MAPC and [HEET](#) for this two-part workshop for first responders, municipal staff, and residents. Learn how gas leaks are measured and classified and how to respond to gas leaks in your community.

Part 1: Gas Leak Safety for First Responders on Thursday, October 22, 12:00-2:00 p.m. Hear from first responders, community leaders, gas leaks experts, and your gas utility about how municipalities and first responders can address gas leaks. Register here:

https://zoom.us/webinar/register/WN_keFjW2ySR82u8AE3fz7Mrw

Part 2: Interactive Discussion on Gas Leak Safety in Your Community on Thursday, October 29, 12:00-1:00 p.m. Register here:

<https://zoom.us/meeting/register/tJEpf-CgrzMiE9lalPHdchTVSYqyy-0y4eoZ>

Join us in creating a sustainable future for our children.
